

Nicole Wolfe works with clients that spans across the firm's construction, commercial litigation, business and real estate, and government contracts groups, where she has assisted clients with a variety of issues, including construction defect, insurance defense and recovery, contract review, in-depth legal research, and drafting and responding to discovery. Nicole is respected for her ability to creatively address her client's problems in an economic and expeditious manner.

Prior to joining the firm, Nicole represented clients in construction defects, construction site injury claims, insurance coverage and property claims, in addition to a variety of environmental claims.
